Clinical Trials Participation

Dear patient,

Ethnic minorities are currently underrepresented in clinical trials. We are conducting a study to help us understand if this is because there are different perceptions of the purpose and benefits of clinical studies between ethnic minority patients and non-ethnic minority patients. Completing this questionnaire will help us deliver a better health service.

Please indicate your answer by circling your choice.

Gender: Man Woman Other (please specify): _____

Age: 21-35 36-50 51-65 65+

I would best describe my ethnic origin as:

Black African Black Other

Black Caribbean Chinese

Bangladeshi Indian

White Pakistani

Other
